Windsock Tails...
>>>

Hello Everyone,

Welcome to "RNAC Windsock Tails", #006.

First things first... **Christmas...!!!**

For me, Christmas and New Year is very special. The hope of peace and good will for all is high on my mind at this time.

I hope we can all take this time to reflect, and consider those things we can be very grateful for. My wish for you and your family is to have a merry Christmas, and very happy, safe and successful New Year.

.....

Comp Day and Christmas Party at RNAC.

Last Sunday, 18/12/2016, RNAC held its final club comp / fun day and Christmas party. Below I have several photos of the day...

The mob at the end of 08...

Requirement: Stay within the confines of the river, maintain + / - 25ft on 600ft.

Hmm... It can't be that hard...

First a left turn...

This is Adam, new to RNAC and I think he “up staged” some seasoned pilots... Well done Adam.

And then a right....

Then the Christmas BBQ and salads.

Thank you to all who participated and helped organize this event. The food was lovely.

I was told a little later that the “Lolly drop” was the highlight... These are **BIG** moments for small children, and I know, firsthand they are the experiences they remember for a life time.

Well done for all involved.

Last word...

Have a great holiday period, and I hope to see you all at the club soon.

Very kind regards, Trevor.
