Windsock Tails...
>>>

Hello Everyone,

Welcome to "RNAC Windsock Tails", #008.

A little different this time. Last Sunday, 5th February, a fellow came to the front counter with his three sons to clean our aircraft. Apparently this had been organized via Georgia Morris some time before. Basically an exercise in community help and a large dose of aviation interest on behalf of the three boys.

Below, left to right...

I would like to introduce Archie, Henry and Freddie Howard. Potentially three new (RNAC) pilots of the future.

If you take just a moment, there are some wonderful learnings here. Doing something for the joy of it. Doing something for a club, a team or a community. Volunteering without reward or recourse.

I personally think this was outstanding and both RNC and RNQ received some very special attention.

Thank you boys and thank you to Rachael and Brett Howard, the boys parents for being involved with our club in this way.

Greatly appreciated...

Very kind regards, Trevor.
